THE ROLE	
TITLE:	Community Engagement Consultant
TYPE:	Full time, permanent
SALARY:	Up to \$110k (based on experience)
LOCATION:	Sydney's Lower North Shore
SECTOR:	Infrastructure / Transport / Construction
EXPERIENCE:	Minimum 3yrs of community engagement & construction delivery experience

About us

Becscmm is a leading communication and engagement consultancy specialising in the infrastructure and transport sector. We integrate seamlessly with our client's team and work closely with them to develop and deliver unique, cutting edge communication and engagement strategies. Successful candidates will be proactive, driven, have project delivery experience and enjoy the innovation and excitement that comes from a fast-paced major Sydney project.

Your initial placement is at one of Australia's largest and iconic transport projects of the decade. This secondment requires you to provide community engagement services to support the objectives of the project. Ideally experienced in the construction and transport project delivery, you will be the first point of contact for the community while providing advice and support regarding the project.

Although this role is initially a secondment on a project, you will be a permanent employee of Becscmm. We provide ongoing support, training, mentoring and future opportunities beyond this secondment.

Join our team and receive the support and opportunity to take your career to the next level.

Does this sound like you?

Role responsibilities include:

- Undertake community engagement services to support the delivery of the project and its objectives, and to help build awareness and understanding of the project within the community
- Carry out a range of communication activities; including newsletters, events, letterbox drops and door-knocking activities to support communication and engagement requirements associated with the project
- Manage relationships with the surrounding impacted community and the project stakeholders, while building and sustaining positive relationships with them
- Provide a point of contact for all community members assuring they are aware of upcoming works as well as providing an opportunity for feedback
- Identify potential community relations issues; then assist in the development and implementation of a communication strategy to minimise risks to project delivery
- Engage with the wider communication and engagement team to share information and ensure coordination of communication activities across locations and contract.

To be successful in the role, you will ideally have:

- Community engagement and / or communications experience across infrastructure or transport sectors
- Exemplary written and verbal communication skills
- Ability to maintain strong stakeholder relationships in a complex project environment
- Willingness to occasionally work outside normal working hours, including evenings and weekends, as required

How to apply:

Please submit a comprehensive resume with an appropriate cover letter to catherine.wheeler@becscmm.com or reply to this email. For any additional questions, please reach out.
